

Kildrummy®

Capital CostMANAGER

25 YEARS OF COST CONTROL EXCELLENCE IN A POWERFUL BROWSER-BASED SYSTEM

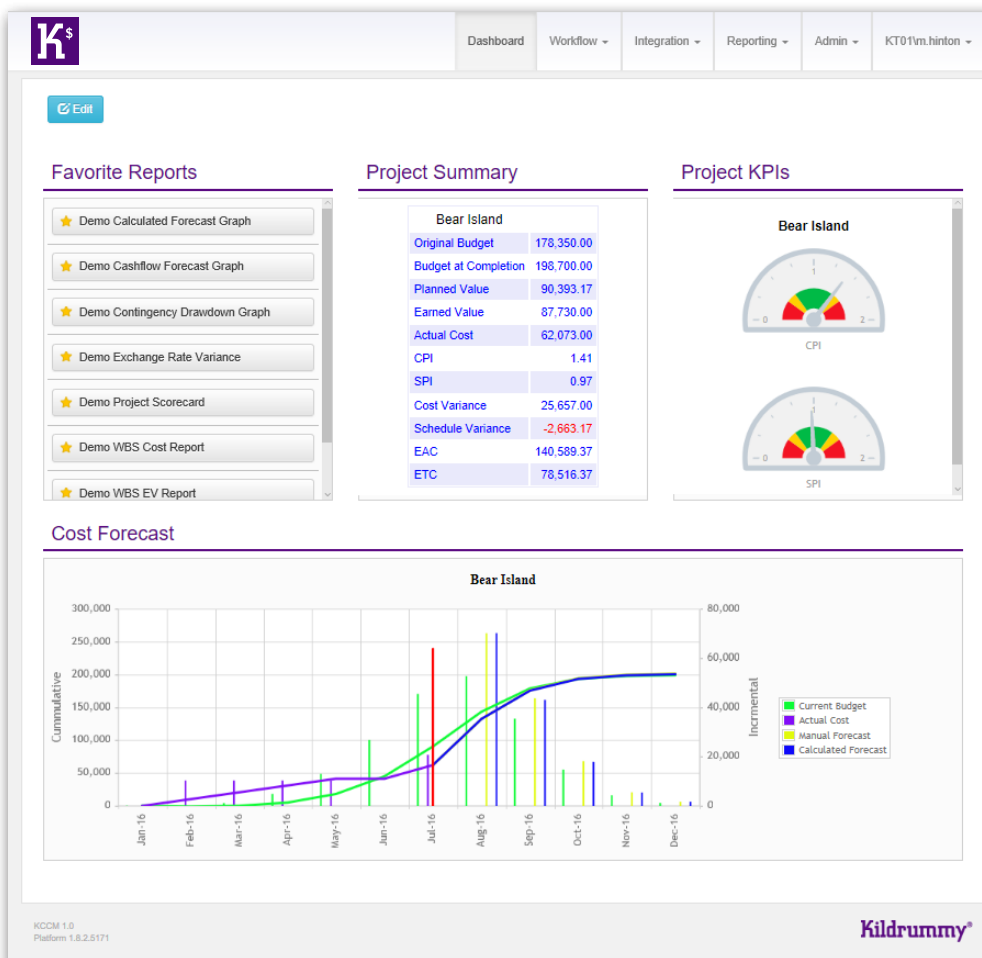

Easy to deploy and use, KCCM™ delivers clarity, connectivity and rapid return on investment.

Kildrummy® Capital CostMANAGER (“KCCM”) unifies all your project cost data in to a single system, providing powerful cost analysis instantly.

KCCM™ is the complete, cost-effective, browser-based Cost Management solution.

KEY BENEFITS

- ✓ Focus on managing cost not creating cost data
- ✓ Customizable dashboard ensures cost control reports for key projects are visible instantly at logon
- ✓ Direct integrations and mobile data capture bring cost data metrics into view sooner
- ✓ Faster access to cost data leads to more rapid response to cost issues and deviations
- ✓ Consistent structures and reports create actionable information across your entire portfolio
- ✓ Browser-based, cloud-capable, multi-currency and multi-language

Capital CostMANAGER

PRECISION

- Powerful analysis on all project cost data
- Delivered with complete suite of tried and tested reports configured to meet your exact requirements
- Reduce risk of human error introduced by in-house or Excel-based solutions
- Understand the current status of the project faster by capturing key data (like progress %) on mobile devices

VISIBILITY

- Single database with data from Estimating, ERP, Planning, Procurement, Construction and other project systems
- One accurate repository for cost information
- Compute Earned Value and create Forecasts quickly and accurately, based on real performance and KPIs.
- Provide customized dashboards to senior management and the wider project team, enhancing communication

EFFICIENCY

- Take the time-intensive labor out of Cost Management tasks and focus on Cost Management
- Create a dashboard of key reports for instant overview
- Color-coded, condition based reports for immediate Cost Management alerts
- Create filtered views of cost data (e.g. by WBS, by Vendor, at different points in time) in seconds
- Pre-configured data loading templates for rapid population of the system

CONSISTENCY

- Enforce corporate Cost Management processes using powerful workflow model
- Defines corporate standard project control formulae
- Creates a common view across the entire portfolio with standardized reports
- Suite of report templates to maintain coherence in ad-hoc reporting

We have been supplying the most flexible and effective cost management systems available for over 25 years. Our solutions have been used successfully to manage over \$2Tn in project spend, creating cost visibility and control for the world's largest organizations on some of the most complex projects ever undertaken.
